# 2026 OKLAHOMA ACC ANNUAL SCIENTIFIC MEETING

## AN INVITATION TO OUR COLLEAGUES

**Chittur A. Sivaram, M.D.,  
M.A.C.P., M.A.C.C.,**  
Annual Scientific Session  
Program Chair

**Eugen Ivan,

Oklahoma ACC President

**Zain Asad,  
M.D., M.S., F.A.H.A., F.A.C.C.,**  
Oklahoma ACC  
President-Elect

You are cordially invited to attend the 2026 Oklahoma Chapter American College of Cardiology Annual Scientific Meeting on Saturday, April 11, 2026. The meeting is a half-day long session aimed at providing updates on important cardiovascular topics relevant to the clinical practice of cardiology. The session provides instruction delivered through formal presentations by leaders in the field, with the goal of enhancing both knowledge and skills of the care team for appropriate care of patients based on latest guidelines, and meeting the unique needs of special populations.

The meeting will be offered only LIVE and in person at the Nicholson Auditorium on the University of Oklahoma Health Sciences Campus. Please plan to attend this session, which provides a great opportunity to earn 3.75 AMA PRA Category 1 Credits™, to listen to nationally noted speakers, to network with cardiac team members from diverse communities within the state and to get to know cardiology fellows-in-training.

Cardiovascular science is constantly evolving, with both new discoveries and new therapies being published each year. This educational activity will provide the cardiovascular professional team with an update on a selected number of high-priority items identified from environmental scanning, with discussion of both the science and evidence behind current recommendations. The overall goal for this year's conference is improvement of patient care through increasing learner competence, leading to improved performance in applying evidence-based treatment options.

This is a great opportunity to bring your whole team for a day of great professional development.

The ACC is our professional association and each of you, as Oklahoma ACC members, are key components of our state Chapter. We ask that you and your colleagues attend this very important and informative meeting.

## STATEMENT OF NEED

Standards of Cardiovascular Care are constantly evolving, and practitioners might find it difficult to keep up with the latest guideline recommendations. Some members of the College have limited opportunities to interact with experts in the field.

## OVERALL GOAL

The overall goal of this program is to help the cardiovascular clinician provide comprehensive presentations by experts on topics currently considered relevant to the care of cardiovascular patients, including unique populations.

## TARGET AUDIENCE

This course is intended for Cardiologists, CV Surgeons, Pharmacists, Cardiovascular Physician Trainees, Internists, Primary Care Physicians, Physician Assistants, Nurse Practitioners, and other health care providers.

## EXHIBITOR ACKNOWLEDGMENT

At the time of printing, a complete listing of industry supporters was not available. Appropriate acknowledgment will be made upon confirmation of support at the time of the course.
